Personal Digital Device Policy

All Redlands State Schools will have a joint approach for personal digital devices (eg mobile phones, tablets and smart watches) to combat the problems associated with inappropriate behaviour on digital platforms – stalking, bullying, sexual harassment, the sending of inappropriate text messages, emails, calls and photo distribution.

The policy has been enacted because:

- the school's duty of care to all students is compromised by unregulated use of personal digital devices.
- the use of personal digital device cameras/video invade students' and staff members' right to privacy
- inappropriate internet sites cannot be blocked by the school on personal digital devices using cellular networks.
- students and staff have a right not to have their image recorded or viewed by other people.

Personal Digital Devices are to be turned off and out of sight whilst on school premises. As outlined in the BYO device (BYOD) Policy, iPads are permitted to be used during school time with the permission of the classroom teacher and for educational purposes only.

If a parent needs to contact their child during school hours, they must do so through the school office. Should a student need to go home because of illness or any other reason during school hours, it is the school's responsibility to contact parents to coordinate arrangements.

For digital devices and technology use at school:
