

About Our Excellence Programs

Wellington Point State High School accepts enrolments from students outside the school catchment area provided they excel in one of three areas; sports, academics or arts. These programs are also offered to current and prospective students who show above average ability in any three of these disciplines.

Our school is renowned for its nurturing environment and high expectations culture where students can achieve their personal best. As a school we are united, dynamic, determined, selfless and respectful, making us the desirable option for students who live outside of our immediate suburbs. It is our vision that every student succeeds in their chosen pathway.
